Broaden your horizon; crack some new deals and partnerships

**ONE INDUSTRY
ONE CITY**

**ONE PLACE TO MEET
CONNECT AND SHARE**

The objective is to showcase and highlight the design, engineering, and fabrication capability of steel construction, particularly demonstrating its potential in terms of efficiency, speed, cost effectiveness, aesthetics, sustainability and innovation.

OBJECTIVE

**#STEELDAY
#SSMB**

This year - MX Business Network once again will host a number of senior level talks as part of the VIP Programme.

STEEL DAY & SCS - conferences remains one of the key forums for the industry's leaders and CEO's to meet, network and strengthen business engagements.

STEEL DAY is a gathering for promoting steel construction and making steel the prime material of construction. The main objective of this gathering is to showcase the design, engineering and fabrication capabilities of steel construction through presentations, case studies and panel discussions technical workshops and Site, Plant Visits

SSMB - Magazine offers unique Steel industry insights, intelligence and first-hand information to Construction industry.

 **NITA MUKESH AMBANI CULTURAL CENTRE**

PARTICIPATION

who should attend

Builders | Developers | Project Owners | Steel Fabricators | Software companies
Government Agencies & Ministries | Architects | Structural Consultants | Engineering Companies | Construction Houses | Project Management Consultants | Project Planning Departments | Industrial Project Owners, Contractors & Consultants | Planning Heads (Manufacturing, Logistics, Warehouses and Retails) | Infrastructures Companies | (Rail, Metro, Bridges & Airports) | PEB Manufacturers | PEB Installers
Steel Detailers | Design Heads | Construction/Site Managers | Purchase Managers | Main and Sub Contractors | Power Sector: Generation, Transmission Companies & Project Consultants | Transmission Tower Manufacturers | EPC Companies | Oil & Gas Sector (Offshore & Onshore): Engineering & Contractors Companies | Government Companies & Industry Associations

Sponsors & Exhibitor Profile

- Steel Manufacturers & Suppliers
- Steel Distributor
- Stainless Steel Manufacturers & Suppliers
- Digital Twins & BIM Technology
- Steel Fabricators
- Fastener Companies
- Pre-Engineered Building Erectors
- Metal Building Systems
- LGSF Suppliers & Fabricators
- Steel Detailers
- Steel Fabrication Machinery
- Equipment Suppliers & CNC – Cutting Systems
- Software Solution Providers
- Welding Equipment and Technology Companies
- Roofing & Cladding Companies
- Solar Roofing Suppliers
- Modular Steel Systems
- Logistics Automation
- Data Center Design & Construction Solutions
- Fire Proofing Solutions
- Safety Solutions & Fall Arrest Systems
- Green Building Solutions
- Finishing & Painting
- Insulation Solutions
- Steel Building Materials
- Crane Companies

main topics

The STEEL CONSTRUCTION SUMMIT will focus on:

- Building Structures
- Composite Structures
- Steel Fabrication Technology & Equipment
- Hot Rolled Steel Structures
- Fire Proofing of Structure Steel
- High Strength Steel
- Bridge Structures
- Steel Connections
- Design, Engineering and 3D Modeling using BIM
- Stainless Steel Structures
- Cold Formed Steel Structures
- Green Design & Sustainable Engineering
- Modular Construction
- Latest Steel Design Trends
- Heavy Engineering
- Warehousing Structures
- Industrial Structures
- Data Center Design & Construction
- Roofing Solutions
- Steel Detailing: Connections & Design
- CFTs & Hollow Sections

top reasons to attend steel day

- Identify new business opportunities, market trends, and potential business partners
- a Platform that allows to Share Innovations & learning
- To get the Government and Industry minds together
- Stimulating business engagement & Discussions
- To contribute towards the Growth of Steel Industry

WITNESSING
LIGHT ACROSS
THE TUNNEL...

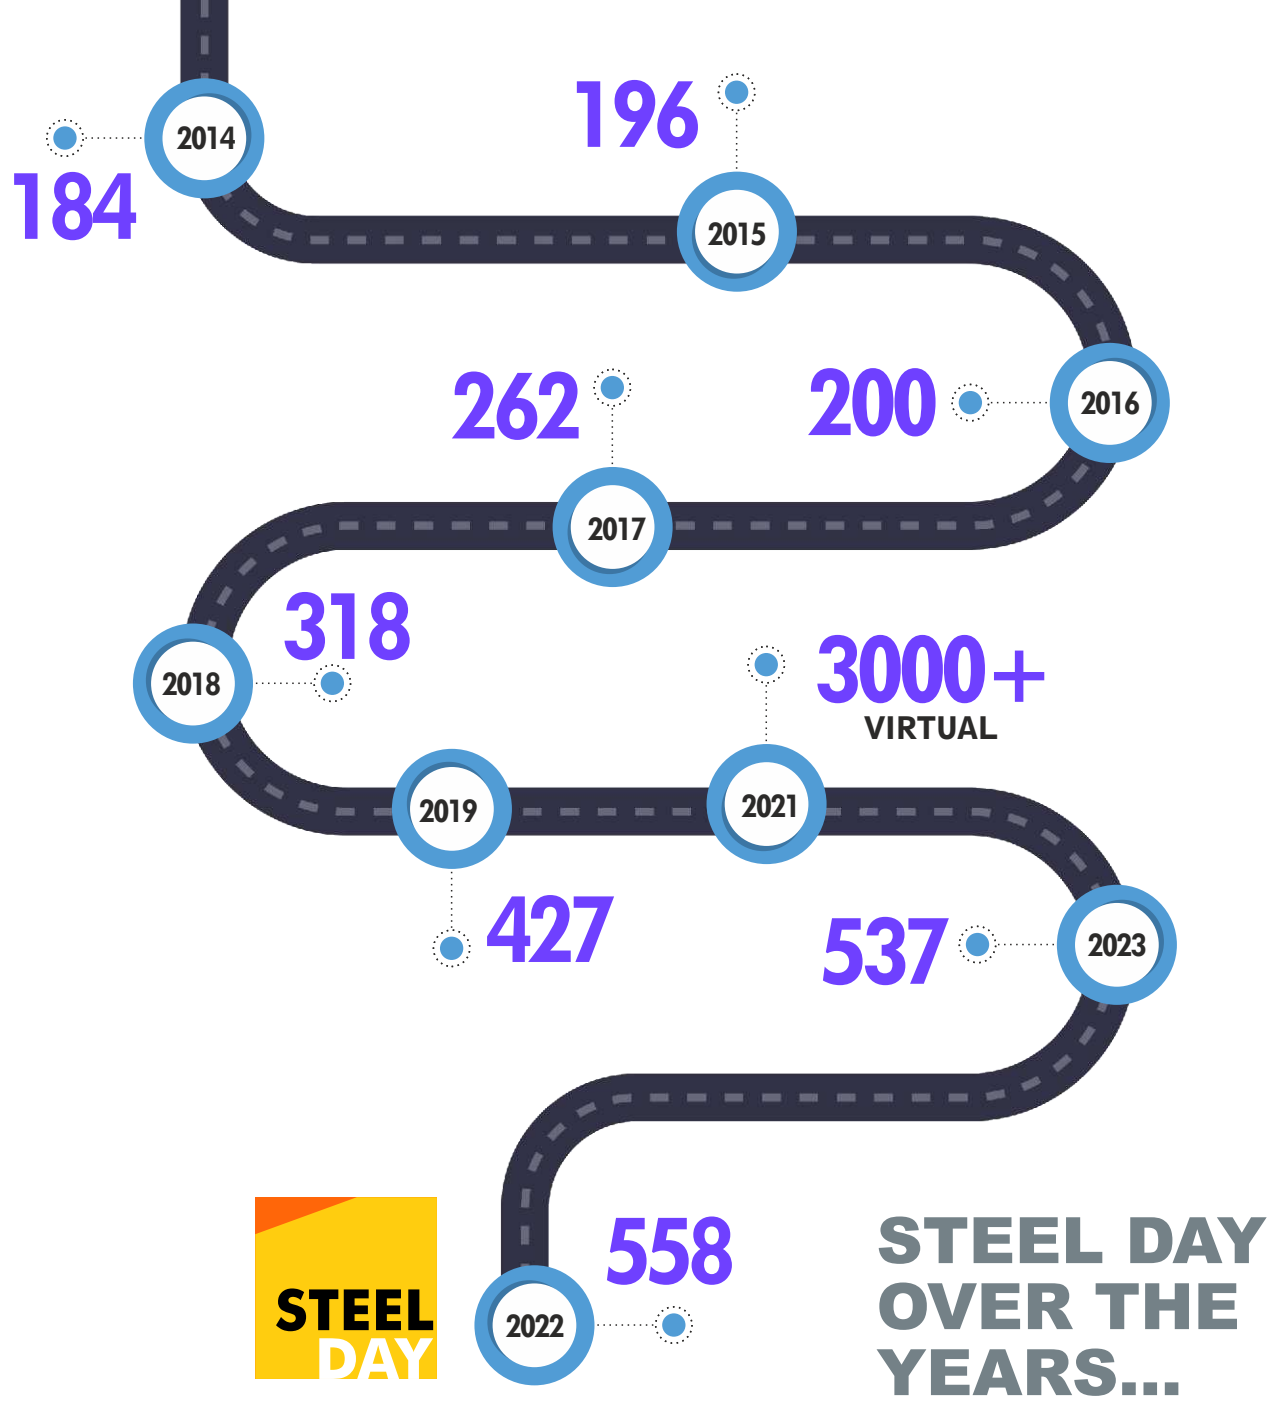

THE MOST APT EVENT FOR STEEL CONSTRUCTION INDUSTRY

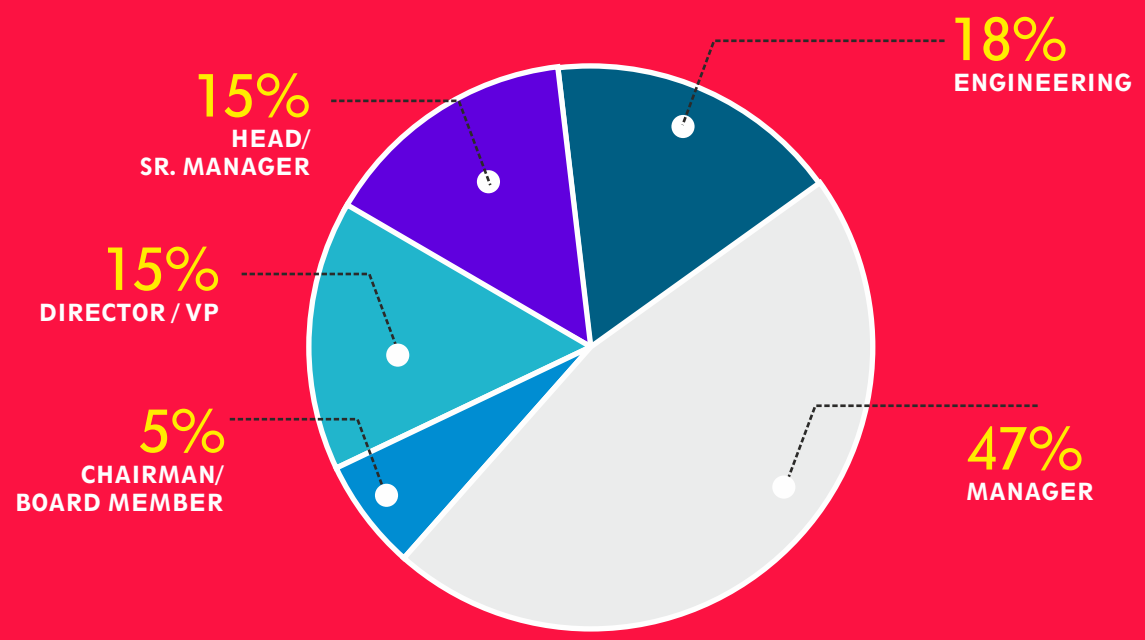

We see a lot of energy, enthusiasm, hope and positive attitude which will help us attain our objectives in 2023. Keeping in view that structural steel is an important construction material which is being used in our development projects, we can foresee that 2023 will provide a lot of opportunities to people who are associated with structural steel industry in one way or the other and lead the industry towards growth and development.

ONLY DESTINATION OF STEEL EXPERTS

participants profile

MANISH SHAH
Director
MR Warekar & Associates Pvt Ltd

It's a great concept and highly interesting topics were covered. It was an eye-opening event for me to have witnessed amazing presentations and discussions.

ANAND BASAL
Senior Construction Industry Professional

STEEL DAY was fantastic, and the presentations were insightful which helped me gather some points for my panel discussion. Also, the novelty of the Lifetime Achievement Award started by ISCC will attract new talent to the steel industry.

HAFEEZ CONTRACTOR
Principal
Architect Hafeez Contractor

The only way to secure the future housing of all our population is to go higher. Steel will play a vital role, and the industry needs to gear up.

VINAY PRATAP SINGH
Business Unit Director
Roxul Rockwool India

STEEL DAY gets improved every passing year. The quality of participation of industry professionals and their deliberations has been remarkable.

PUNEET MATHUR
Assistant Managing Director
Zamil Steel India

This is one of the best platforms today wherein people of similar interests meet under a single roof. There are lot of takeaways from this conference.

PRASHANT DESHMUKH
Principal
Prashant Deshmukh & Associates

As usual, STEEL DAY was very focussed-driven, giving away right messages about the steel industry and why we should experiment with steel. There was huge response from the audience, along with the interesting flavours of young construction players adding to the achievements of the steel industry.

we made it this year :)

STEEL DAY 2023

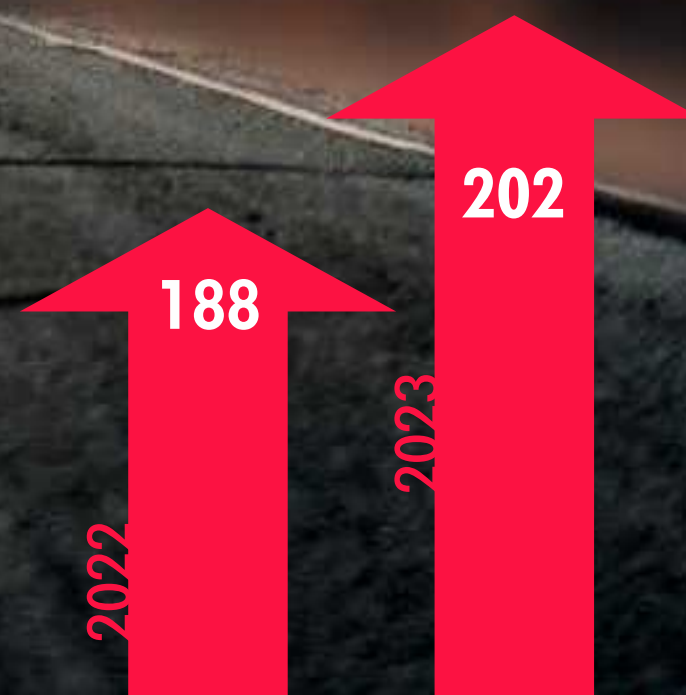

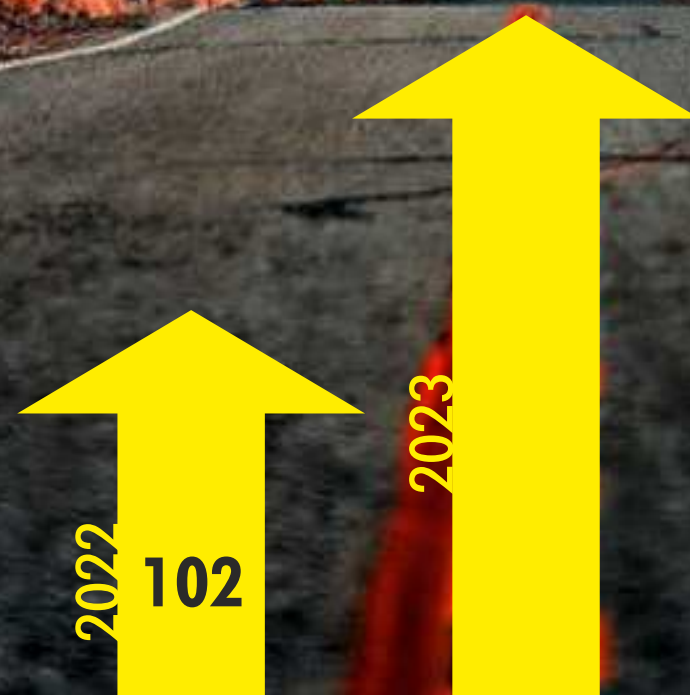

Steel Day just keeps getting better each year and the quality of customer and supplier engagement was first class, A great forum to Develop business together whilst increasing the profile of the Indian Steel Industry.

We consider Steel Day our home game. From a technical perspective a full day of networking and top class learning in best practices, which supports our technical people in gaining new insights and maintaining their competitive skills set.
